Steering Committee Minutes – September 2, 2025

Steve Saunders Coles Buchanan Hunt Thompson Billy Small Fred Haggerty

George Cummings Tom Shoemaker Mike Reed

Agenda Items/Discussion:

The discussion was mainly focused on issues which have arisen causing problems for the round coordinators, beginning with players not checking in or paying the round entry fee, and several items concerning scorecards, which should reflect the players' last names, and the gross scores, and should be turned in immediately after the round. Having players conform to these procedures is absolutely necessary to the efficient administration of the round. The Committee felt that at present, rather than implementing penalties, that including these procedures in the lineup emails, and reminding other players, when possible, will hopefully reduce the issues for the round coordinators.

Other Items:

1. Pace of Play – Continues to be a problem at all levels of the game. We can only emphasize playing ready golf and keeping up with the group ahead.

2. Dues –The Committee voted to increase the annual dues to $20 beginning November 1.

3. Maximum Number of Players On Tuesday – Because of potential issues with PRGC, the Committee decided to limit the number of players for Tuesday rounds to 36. Guests may be accommodated if there are less than 36 members signed up.

4. Meeting Quorum –A majority (5) of Committee members will be considered a quorum.

5. Establishing a Birdie Pool for Tuesday and Thursday Rounds – The Committee decided not to add to the existing responsibilities of the round coordinators, or the treasurer.

6. Tuesday Coordinator – Billy Small, our long-term current Tuesday coordinator, will be retiring at the end of this season. We are currently seeking volunteers from our membership to fill this extremely important position.

Respectfully submitted,

Mike Reed, Secretary
